The MSP[®] Manual was released in 2000, and updated in 2003 and 2007, and includes a number of significant updates. SPOCE recommends that individuals who have not studied MSP[®] Guide for a while choose either the classroom option or the Re-Reg Blended option (see below). The Re-Reg Classroom includes the latest MSP[®] Manual; event preparation CD; 4-days classroom training; all course handouts; lunch & refreshments and the Re-Registration Exam. When you have made your purchase, SPOCE will contact you regarding dates and locations

Re-Reg Blended - £699 + P&P + VAT

This package is ideal for individuals who have a need to re-study MSP[®] and are looking for a mixture of self-study and classroom training. Candidates should prepare for the exam using SPOCE's e-Learning, and then attend a 1-day exam preparation event to fine-tune their understanding with an approved MSP[®] trainer. The exam preparation day and exam date can be chosen when you feel ready to attend, and can be taken at a SPOCE exam venue.

SPOCE recommends that approximately 20 hours is committed to fully understand the latest manual, although time will vary depending on the candidate's involvement with MSP[®]. Included in this package is SPOCE's e-Learning, the latest MSP[®] Manual; and the Re-Registration Exam. The exam date can be chosen when you are coming to the end of your self-study, and can be taken at a SPOCE exam venue.

Re-Registration Exam only - £150 + VAT

If you are confident that your knowledge of MSP[®] is up to date and you do not require any training or support, then you may choose to take this exam-only option. This is just the 1-hour, 15 minute exam without any training provided by SPOCE. Once purchased, SPOCE will contact you to arrange an exam date. The exam can be taken at an examination event with SPOCE.

Why do I have to re-register?

The MSP[®] Examination Board has determined that all MSP[®] Practitioners should be re-registered within 3-5 years of their original certification. This re-registration comprises a 1-hour, 15 minute examination set at the same standard as the Practitioner examination. All Practitioners who have taken the MSP[®] Practitioner qualification since October 2000 have agreed or are agreeing to this requirement as part of their initial application and so are now designated as Registered Practitioners.

How long does my registration last for?

The registration has a validity of five years and Registered Practitioners will be required to take a re-registration examination to confirm their competence in MSP[®] before the end of the five year period.

What happens if I have gone past my 5-year period?

SPOCE can arrange the Re-Registration exam for you. If you have exceeded the 5-year term, you can still take the Re-Registration exam. In the meantime you should be aware that your "Registered" status is lapsed, and this will be shown on the APMG Candidate Register.
