

Foundation

ACCREDITED BY APMG-International

This course is available on SPOCE's open public schedule, or we can come to you to run the course at your premises.

Launched in 2002, M_o_R® considers risk from different perspectives within an organisation: strategic, programme, project and operational. SPOCE was among the first to be formally accredited by APM Group and continues to be a leader in M_o_R® training.

www.spoce.com

SPOCE's courses are competitively priced and reflect the quality of the course delivery, our long standing reputation, the comprehensive support materials and our commitment to customer support prior to, during and after the event.

Who is the course designed for?

Any organisation or individual seeing the need for guidance on a controlled approach to identifying, analysing and managing risk on strategic, programme, project and operational levels.

This course is suitable for Project & Programme Managers, Risk Managers, Project Support and Assurance. Managers from other disciplines will also benefit, particularly those responsible for establishing standards and integration with MSP® and PRINCE2®.

What are the course objectives?

The key objectives of this course are:

- Provide Delegates with an understanding of the benefits and principles underlying a structured approach to assessing and managing of risks.
- Apply the principles of M_o_R® within a work environment.
- Communicate effectively with colleagues and managers within a structured risk environment.
- Enable delegates to understand the M_o_R® method at the Foundation level.

What is the course approach?

This course is offered as either a 3 day Foundation course. The course contains a mixture of input and practical sessions, delivered by an APM Group approved trainer with practical experience of programme, project and risk management.

The pre-course material includes SPOCE's highly acclaimed event preparation CD and the M_o_R® Manual. Delegates should spend approximately 10 hours studying this pre-course material in order to be well prepared for the course.

SPOCE's flexible approach to the management of the course means that delegates can choose to continue on the course for a further two days to complete Practitioner level, or return at a later date to complete the Practitioner Exam if they so wish.

Introduction

Introducing basic concepts and terms, the history, regulatory and legislative background of corporate governance and management of risk, how it works, where and when it is important and how different levels, perspectives, roles and responsibilities can be considered to form a coherent approach.

The Management of Risk Principles

The universal, self-validating and empowering principles of Management of Risk. These are essential for the development of good risk management practice. The principles are informed by corporate governance principles and ISO31000:2009

The Management of Risk Perspectives

The way in which Management of Risk is applied will vary according to the organizational perspective. This session explains how this will be achieved for the Strategic, Programme, Project and Operational perspectives.

The Management of Risk Approach

This session explains the documentation required to support successful Management of Risk and discusses how this might be tuned to specific organizational needs.

Roles and Responsibilities

This session explains the responsibilities for Management of Risk through the perspectives.

Embed & Review, Health-check and Maturity Model

Having explained the need for and approach to integration of Management of Risk into the culture of the organization, this session then explains the use of the Health-check to establish the current status of Management of Risk and the Maturity Model to help deliver the Facilitates Continual Improvement principle.

The Management of Risk Process and Techniques

This session will cover the Management of Risk process steps of Identify, Assess, Plan and Implement in detail. Recommended techniques to support each step are discussed and demonstrated.

Management of Risk Specialisms

This session will provide introductions to some risk management specialisms. For example: Business Continuity, Incident and Crisis Management, Health and Safety Management, Security Risk Management, Financial Risk Management, Environmental Risk Management, Reputational Risk Management and Contract Risk Management.

What exams are taken on the course?

There are two examinations associated with the M_o_R® method - Foundation and Practitioner. This course includes the Foundation Exam.

- **Foundation:** 1 hour, closed book, consisting of 75 multiple-choice questions.
