Officially launched in October 1996, PRINCE2® is the method used for planning and managing projects in the public and private sectors. SPOCE ran the World's first PRINCE2® course in January 1997 and holds APMG Accreditation Certificate number 001.

The Practitioner Examination Preparation event provides an opportunity to apply learning of the PRINCE2 methodology to project scenarios. The scenarios used on this event are in the same format to those used in the APM Group Practitioner Exam. If you require the Foundation Exam, please contact SPOCE for the options available.

The focus of this event is to apply previous learning of the method to sample Practitioner style exam questions. No learning of any new PRINCE2 topics should be expected, rather an enhancement of your existing knowledge. An Approved Trainer will be on-hand to provide feedback and guidance on the work completed.

## Who is the course designed for?

The Examination Preparation Event is designed for anyone who has recently passed the PRINCE2 Foundation Exam and wishes to receive advice and guidance in preparation for taking the APM Group PRINCE2 Practitioner Examination.

The event will help anyone who wishes to understand and appreciate how PRINCE2 is applied to a project scenario.

The event is not suitable for anyone wishing to learn or substantially revise the PRINCE2 Method. For revision of the PRINCE2 method, SPOCE recommends its PRINCE2 Passport e-Learning.

All Delegates attending the Exam Preparation Event must already have reached the standard of knowledge required and have passed the pre-requisite Foundation Examination. If you require the Foundation Exam, please contact SPOCE for the options available.

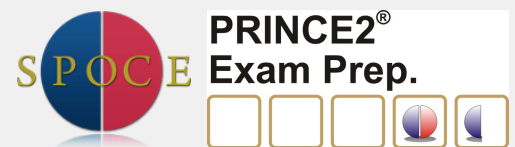

## What are the course objectives?

The key objectives of this Exam Preparation event are to:

- Provide Delegates with an opportunity to review their individual preparation for the PRINCE2 Practitioner examination.
- Develop the delegate's ability to apply the PRINCE2 Method appropriately through various project-based scenarios and associated objective tests.
- Provide Delegates with an opportunity to complete example answers typical of the Practitioner examination question papers
- Receive constructive feedback from an APM Group Approved PRINCE2 Trainer.
- Discuss specific areas of PRINCE2 with an Approved Trainer and other attendees, and to devise exam strategies from the responses provided.

## What is the course approach?

During the course, candidates will have an opportunity to try out the application of their existing PRINCE2 knowledge to a typical practitioner exam scenario and related objective tests questions.

It can be expected that this preparation event will improve the likelihood of passing the APMG Practitioner Exam. However, success in the exam requires some basic analytical skills under time pressure, and this event is not intended to provide anything other than a high-level appreciation of these important skills, together with some exam strategy advice and guidance.

## What content does the course cover?

This 1-day event covers exam topics for the PRINCE2 Practitioner syllabus, including the following:

- Introduction to Preparation for the Practitioner Examination
- Examination; Format; Structure & Question types
- Examination Procedure; Hints & Tips
- Typical topics for preparation and individual practical work include:
  - Processes
  - Plans
  - Risk
  - Business Case
  - Progress
  - Change
  - Quality
  - Organisation
  - The Exam - Final Hints & Tips

The actual topics covered may be varied by the Event Manager to reflect current and topical examination questions and to reflect the needs of each group of delegates. The Practitioner Exam will be held on the morning of day two.

## What exams are taken on the course?

**Practitioner:** 2½ hours, open book (PRINCE2® manual only) consisting of 9 scenario based objective test questions.

Also available on this event:

**Practitioner Re-Registration:** open book (PRINCE2® manual only) consisting of 3 scenario-based objective test questions.
